An Exciting and new Milestone was attained on 15th January 2024 as Erepi Primary Teachers College was officially handed over to Muni University. The colourful ceremony was presided over by the Director of Higher Technical & Vocational Education in the MoES represented by Principal Education Officer, Dr. Eric Gitta as the Chief Guest.

Dr. Gitta expressed gratitude to Muni University and to Erepi PTC team for being partners in implementing the mission and vision of the ministry of education and sports denoting to the handover as an important moment in the history of Uganda's education, a moment where we are seeing the past meets

the future, and the torch of responsibility being passed on to Muni University to have a compass, increasing access to education opportunity in this region.

He said the launch of Muni University Moyo campus has come at the right time when Uganda is trying to achieve Sustainable Development Goals (SDGs) especially number 4 (Quality education) which is in line with the National Development Goals Plan III (NDPIII). The foundation upon which Erepi stands is built upon the dedication and hard work of those who came before. He urged the management of Muni University to Cherish the values that have guided the developments and use them as a compass to steer the path ahead, the

new leadership and guidance will chart the course for the next phase of education, shaping the minds and futures of students entrusted to them.

"As we embark on a new chapter, I am confident that we are handing over the wheels to capable hands, I offer my heartfelt congratulations to Muni University for expanding your passion and expertise, fresh perspectives will bring renewed sense of interest and potential to our beloved institution and as I pass the baton, I do so with the utmost confidence in our collective ability to see Muni University led to new heights, excellence and distinction. Embrace the changes ahead with an open heart and an eagerness to contribute your best to the growth and prosperity of Muni University. Let us work hand in hand to ensure that every individual who passes through Muni University is empowered to reach their fullest potential and contribute meaningfully to the country, thank you all for being part of this memorable occasion. Let us embark on this new chapter with unity, love and commitment. It is now an honour and privilege to hand over Erepi PTC to Muni University". He concluded while quoting Philippians 1:6

"Being confident of this that he who started a good work in you, will carry it to completion"

The Vice Chancellor Muni University Prof. Anguma Katrini pledged on behalf of Muni University that they will make very good use of this facility in pursuance of the university vision and mission. He held that much as Muni University is relatively new, its measuring heights with those that are old adding that Muni has existed for 9 years but proving in terms of teaching and learning, with only 2 programmes at the start, the university now has 30 spanning from Education, Basic Science, Agriculture, Technology and Health Sci-

ence, the staffs lecturing these programs have proved themselves internationally and globally in the area of ICT. For the last 5 years students have travelled to China under Huawei, Health Science students have participated in a contest and have so far lifted the trophy for 2 years in a row.

He revealed that Programmes to be run at the newly acquired facility include Bachelor of Science with Education-Primary, Bachelor of Science with Education-Secondary, Bachelor of Science with Education-Early childhood and care among others.

Prof. Anguma Strongly urged the stakeholders, Government of Uganda to work hand in hand with man-

agement to actualise Erep Campus while appealing to local leadership and Wanainchi to stand strong as we move this journey around and to own the institution and protect the facilities coz it's a blessing and an assurance for the children's future.

The University Council Chair, Dr. Joel Aita guided the Management to give a facelift to the facility and make it look like a university through renovations and highly raised structures with a proper infrastructure master plan to guide the development of the facility which will be of help and not only benefit the people of Madi but the entire region, urging the political leaders to push for this development.
